

2016 OPI Assessment & Data Conference

Eastern Conference
January 21-22, 2016
Crowne Plaza Hotel
Billings, MT

Western Conference
February 1-2, 2016
Hilton Garden Inn
Missoula, MT

Our goal is to provide the necessary support and training that test coordinators and their teams will need to successfully administer the Smarter Balanced Assessment in addition to all other statewide assessments.

Montana
Office of Public Instruction
Denise Juneau, State Superintendent

Welcome!

Last year, Bozeman Superintendent Rob Watson reminded us that our “primary responsibility is providing equal opportunity to a high quality education so that ALL students have the chance to experience future success in life. Keeping the focus on “achievement for all” is still our greatest responsibility and our primary goal. The new standards and assessment tools help us focus our time and resources to achieve this primary goal.”

In the next two days, we will work together to meet student needs in administering assessments that will yield results that are reliable and valid and that inform instruction.

Thank you for joining together in these efforts.

Meet our Thursday Keynote Speaker: Tony Alpert

“Montana’s Assessments: Looking Forward”

The next summative assessment window begins soon. Mr. Alpert will provide strategies for districts to prepare for the upcoming assessment and talk about how the results can be used as part of your district’s continuous improvement processes.

Tony Alpert serves as executive director for the Smarter Balanced Assessment Consortium, where he collaborates with Consortium members to ensure that the Smarter Balanced Assessment System meets the needs of their students, parents and policy makers. Prior to assuming the role of executive director, Alpert served as Smarter Balanced chief operating officer, where he provided oversight for the financial, assessment, and technical operations of the Consortium. Previously, Alpert worked at the Oregon Department of Education where he served in several different roles including managing the state’s assessment accountability reporting, managing the allocation of the state’s school fund, and finally as the director of assessment. Alpert also served on the U.S. Department of Education’s

National Technical Advisory Committee where he provided technical counsel. Alpert earned his master’s degree at the University of Oregon.

2016 OPI Assessment & Data Conference Agenda

Thursday, January 21

Breakfast: 7:00 - 8:00 a.m.

Introductions and Keynote Speaker: 8:00 – 9:10 a.m.

Session 1: Thursday, 9:20 – 10:30 a.m.

Smarter Balanced: Roles, Permissions and Accommodations Registration

This session will provide an overview of the system requirements and how to install them on school devices. The TIDE system (from AIR) replaces ART which was used in the 2015 field test. The session will walk participants through using TIDE to assign staff, permissions, and accommodations for the spring 2016 administrations.

Speaker: Office of Public Instruction and Measured Progress Staff

Where: Conference Room 5

=====

ACT Plus Writing Test Administration & Accommodations

This session will focus on test administration resources, best practices, and accommodations. Please be prepared to participate in a lively discussion.

Speaker: Stephanie Lewis, Account Executive Client Relations, ACT Inc.

Where: Conference Room 1

=====

MSAA (new name for NCSC) Alternate Assessment: Test Management & Administration Overview

This session, designed for System Test Coordinators, will provide an overview of the MSAA ELA and Math alternate assessments, grades 3-8 and 11. The session covers the test management responsibilities and a short overview of test administration of the alternate assessment.

Speaker: Yvonne Field, Assessment Specialist, Office of Public Instruction

Where: Skybridge 1

=====

Smarter Balanced Digital Library

Explore the Digital Library, the Formative Assessment component of the Smarter Balanced Assessment system. This session will provide information on formative assessment and will showcase a tour of the Digital Library, an online collection of resources aligned to both best

formative assessment practices and the MT Common Core State Standards. On the tour, educators will learn how to search for resources and tools as well as how to collaborate with educators across the country with the resources.

Speaker: Pam Birkeland, MontCAS Special Projects, Office of Public Instruction

Where: Skybridge 2

=====

Infinite Campus: Assessment Administrative Setup

This course will introduce participants to the tool used to prepare, manage, configure and import student assessment scores. Participants will learn to set up, view, enter, map, examine and import assessment scores for a selected group of students using the score import wizard tool. Participants will create test data structures, define reusable local assessment performance descriptors, and local score scales mapped to federal assessment performance descriptors.

Speaker: Rob Ginther, Support Advisor, Infinite Campus

Where: Skybridge 3

=====

Session 2: Thursday, 10:40 – 11:50 a.m.

Smarter Balanced Test Administration

Using screen shots of the AIR proctoring screens, this session will walk you through what needs to be done before, during, and after the test window. You'll walk out of this session with the tools, resources, and information you need to lead your system through the 2016 Montana Smarter administration.

Speaker: Office of Public Instruction and Measured Progress Staff

Where: Conference Room 5

=====

Smarter Balanced: An Assessment System to Support Teaching & Learning

Smarter Balanced is a comprehensive assessment system that includes summative and interim assessments and a digital library of resources and tools for teachers to use for incorporating the formative assessment process during instruction. This session will focus on the purpose of each component and examine how they work together to improve teaching and learning.

Speaker: Gail Pagano, Deputy Director of Member Services, Smarter Balanced Assessment Consortium

Where: Conference Room 1

=====

MSAA (new name for NCSC) Alternate Assessment: Score Report Interpretation & the Prioritized Standards

This session will provide an introduction to the score reports for the new alternate assessment. The session will provide an overview of the type, the intended audience, the uses for each report, and a tour of the interpretive guide.

Speaker: Yvonne Field, Assessment Specialist, Office of Public Instruction

Where: Skybridge 1

=====

What is the HiSET Assessment? (Formerly GED)

Since 2013, the HiSET has afforded the non-diploma population of Montana an opportunity to achieve a high school equivalency diploma. Passing the HiSET and attaining a Montana High School Equivalency diploma open doors for employment or entrance into post-secondary. At the end of this session, attendees will understand the history of the HiSET in Montana, the rationale for choosing the HiSET, a basic understanding of the test, and how individuals can avail themselves of the test.

Speaker: Marianne Schomaker, High School Equivalency Specialist, Office of Public Instruction

Where: Skybridge 2

=====

Why TEAMS?

TEAMS is a large OPI data collection system being used for many different reasons. What is collected? Why? Who cares?! During this session, we will demystify the who, what, where and why behind all the data collected in TEAMS.

Speaker: Danielle Murphy, TEAMS & Computer Systems Analyst, Office of Public Instruction

Where: Skybridge 3

=====

Session 3: Thursday, 12:00 – 1:10 p.m.

Smarter Balanced Accommodations

This session will provide valuable information regarding the Montana Smarter accommodations and accessibility guidelines. Participants will become familiar with tools that can help teams compare old to new resources, identify key stakeholders, develop tools for systems/schools, review tips for developing a training plan, and discuss implementation of the Smarter Balanced Guidelines.

Speaker: Paula Schultz, Smarter Balanced Accommodations, Office of Public Instruction

Where: Conference Room 5

=====

Smarter Balanced Reports

This session will provide information on the Smarter Balanced reporting system including the student reports. As the Smarter system evolves, so too may the reporting system. A focus group on the Smarter reporting system and reports will also be included to gather your valuable feedback on how the system and reports can be improved.

Speaker: Office of Public Instruction and Measured Progress Staff

Where: Conference Room 1

=====

ELP: Assessment Report

ELP test results and general discussion for the 2014-2015 ELP test. Data will also be shown and discussed to compare the test results of previous years. There will also be some discussion and data presented on ELP students across the state of Montana along with the proper procedures to follow with ELP students enrolled in your school.

Speaker: Natalee Hawks, Indian Education Specialist, Office of Public Instruction

Where: Skybridge 1

Criterion-Referenced Test (CRT) Science

This session is geared toward new test coordinators and administrators or those in need of a refresher! It will have information about shipping and receiving, important dates and contacts, where to access information and documents, show what the materials actually look like, discuss the test security, and show how to code answer books.

Speaker: Mellicent Friddell, Program Manager, Measured Progress

Where: Skybridge 2

E-Transcript: Data Transport System End-to-End

The K20 Project has high aims to lower barriers to college readiness for Montana students, and, once they get to college, to help them avoid remediation and stay the course. The immediate benefit of the project for schools and students is the availability of free high school transcripts. The longer-term benefit is collection and use of demographic, course, and assessment data in the Statewide Longitudinal Data System. Adding those data points into the information currently available in GEMS will allow better analysis and, ultimately, more effective policies and targeted interventions to help individual students succeed. This presentation will review the current status of the project, discuss the experience of participating schools, and show some potential uses that schools and districts might have for the data. Attendees will have a chance at the end to offer their valuable feedback in a short focus group on the use of Montana's data warehouse, GEMS, and how it can be improved.

Speaker: Brett Carter, Research Analyst, Office of Public Instruction

Where: Skybridge Room 3

Lunch: 1:15 - 2:15 p.m.

Session 4: Thursday, 2:30 - 3:40 p.m.

Smarter Balanced: Roles, Permissions and Accommodations Registration

This session will provide an overview of the system requirements and how to install them on school devices. The TIDE system (from AIR) replaces ART which was used in the 2015 field test. The session will walk participants through using TIDE to assign staff, permissions, and accommodations for the spring 2016 administrations.

Speaker: Office of Public Instruction and Measured Progress Staff

Where: Conference Room 5

=====

Smarter Balanced: An Assessment System to Support Teaching & Learning

Smarter Balanced is a comprehensive assessment system that includes summative and interim assessments and a digital library of resources and tools for teachers to use for incorporating the formative assessment process during instruction. This session will focus on the purpose of each component and examine how they work together to improve teaching and learning.

Speaker: Gail Pagano, Deputy Director of Member Services, Smarter Balanced Assessment Consortium

Where: Conference Room 1

=====

ELP: ACCESS for ELLs Score Report Interpretation

This session will provide an introduction to the score reports for the ACCESS for ELLs assessment. The session will provide an overview of the score report types, the intended audiences, the uses for each report, and a tour of the score report interpretive guide. The session will cover Montana's English Language Proficiency (ELP) criteria and take the participants through a review resource that will aid in reviewing individual student data to make exit decisions.

Speaker: Yvonne Field, Assessment Specialist, Office of Public Instruction

Where: Skybridge 1

=====

Science CRT Alternate

This session is geared toward new test coordinators/administrators and special education directors/teachers and/or those in need of a refresher! It will have information about shipping and receiving, important dates and contacts, where to access information and documents, show what the materials actually look like, discuss the guidelines for accommodations and test security, and show how to code answer books.

Speaker: Mellicent Friddell, Program Manager, Measured Progress and Mandi Crable, Special Education Teacher, Billings Public Schools

Where: Skybridge 2

=====

AIM Data Collection Updates

We will be reviewing the data needed for the Assessment Data Collection in the AIM system. It will include data accuracy reminders, tools available and an overview of the AIM web page.

Speaker: Gail Harms, AIM Student Information System Manager, Office of Public Instruction

Where: Skybridge 3

=====

Session 5: Thursday, 3:50 - 5:00 p.m.

Smarter Balanced Test Administration

Using screen shots of the AIR proctoring screens, this session will walk you through what needs to be done before, during, and after the test window. You'll walk out of this session with the tools, resources, and information you need to lead your system through the 2016 Montana Smarter administration.

Speaker: Office of Public Instruction and Measured Progress Staff

Where: Conference Room 5

=====

ACT Plus Writing Test Administration & Accommodations

This session will focus on test administration resources, best practices, and accommodations. Please be prepared to participate in a lively discussion.

Speaker: Stephanie Lewis, Account Executive Client Relations, ACT Inc.

Where: Conference Room 1

=====

MSAA (new name for NCSC) Alternate Assessment: Score Report Interpretation & the Prioritized Standards

This session will provide an introduction to the score reports for the new alternate assessment. The session will provide an overview of the type, the intended audience, the uses for each report, and a tour of the interpretive guide.

Speaker: Yvonne Field, Assessment Specialist, Office of Public Instruction

Where: Skybridge 1

=====

GEMS: Montana Early Warning System

This system is used for educators to identify students that are at-risk for dropping out well before it actually happens. This EWS is the only one in the nation that uses live student data to help with your students. This presentation will explain what the Montana EWS is, how it was developed, and how schools can use it in various ways. The Montana EWS is available in the GEMS data warehouse and the EWS reports available there will be explained in detail. A full demonstration showing how the data is uploaded to GEMS and the reports are generated will be included in the presentation.

Speaker: Eric Meredith, Educational Research Analyst, Office of Public Instruction

Where: Skybridge 2

=====

College Readiness in MT: Data & Applications

The Office of Public Instruction received grants from the U.S. Department of Education to create a data warehouse for OPI data, to link OPI data and data from the Office of the Commissioner of Higher Education data system, as well as many others to target student achievement in Montana. This data can be used to better understand and design student achievement programs and influence student success. In addition, this data can be leveraged collaboratively with Montana's programs of higher learning and teacher development to ensure a data use culture across the educational setting to support our overall efforts. A short focus group on the use of Montana's data warehouse, GEMS, will also be included to gather your valuable feedback on how it can be improved.

Speaker: Brett Carter, Research Analyst, Office of Public Instruction

Where: Skybridge 3

=====

Friday, January 22

Breakfast: 7:00 - 8:00 a.m.

Session 6: Friday, 8:20 - 9:30 a.m.

Smarter Balanced: Roles, Permissions and Accommodations Registration

This session will provide an overview of the system requirements and how to install them on school devices. The TIDE system (from AIR) replaces ART which was used in the 2015. The session will walk participants through using TIDE to assign staff, permissions, and accommodations for the spring 2016 administrations.

Speaker: Office of Public Instruction and Measured Progress Staff

Where: Conference Room 5

=====

Smarter Balanced Digital Library

Explore the Digital Library, the Formative Assessment component of the Smarter Balanced Assessment system. This session will provide information on formative assessment and will showcase a tour of the Digital Library, an online collection of resources aligned to both best formative assessment practices and the MT Common Core State Standards. On the tour, educators will learn how to search for resources and tools as well as how to collaborate with educators across the country with the resources.

Speaker: Pam Birkeland, MontCAS Special Projects, Office of Public Instruction

Where: Conference Room 1

=====

ELP: ACCESS for ELLs Score Report Interpretation

This session will provide an introduction to the score reports for the ACCESS for ELLs assessment. The session will provide an overview of the score report types, the intended audiences, the uses for each report, and a tour of the score report interpretive guide. The session will cover Montana's English Language Proficiency (ELP) criteria and take the participants through a review resource that will aid in reviewing individual student data to make exit decisions.

Speaker: Yvonne Field, Assessment Specialist, Office of Public Instruction

Where: Skybridge 1

=====

Infinite Campus: Improve End User Interactivity with Assessments

Participants will learn how to manage national, state and district level assessments. We'll build test data, import student-level assessment data en masse to pre-built tests, and align assessments to courses and reports in Campus Tools and Campus Instruction. See first-hand the benefits of extracting assessment data through ad hoc reporting. Participants may bring a laptop for hands-on participation.

Speaker: Rob Ginther, Support Advisor, Infinite Campus

Where: Skybridge 2

=====

MontCAS Q & A

Participants will have the opportunity to ask questions not covered in other sessions.

Speaker: Judy Snow, State Assessment Director, Office of Public Instruction

Where: Skybridge 3

=====

Session 7: Friday, 9:40-10:50 a.m.

Smarter Balanced Test Administration

Using screen shots of the AIR proctoring screens, this session will walk you through what needs to be done before, during, and after the test window. You'll walk out of this session with the tools, resources, and information you need to lead your system through the 2016 Montana Smarter administration.

Speaker: Office of Public Instruction and Measured Progress Staff

Where: Conference Room 5

=====

Preparation Resources for Educators & Students to Prepare for the ACT

Want to give your students a leg up on spring ACT testing?! This session will focus on all student resources including ACT Online Prep demonstration and information about the new writing materials. Additionally, there will be a preview of new student score reports.

Speaker: Stephanie Lewis, Account Executive Client Relations, ACT Inc.

Where: Conference Room 1

=====

Online NAEP Resources for Students and Educators

This session will showcase the NAEP 2015 results, discuss computer access and familiarity, and share teacher resources. Summary of Session: Explain the trends of the National Assessment of Educational Progress (NAEP) and its relevance in the Common Core era. This presentation is intended for teachers, administrators and assessment coordinators that want to use NAEP tools.

Speaker: Ashley McGrath, NAEP State Coordinator, Office of Public Instruction

Where: Skybridge 1

My Access! Online Writing Program

Montana public schools were invited to receive My Access student licenses provided by OPI and Montana Gear Up. My Access is an online writing assessment tool from Vantage Learning, and was chosen for this opportunity based on the Montana educator support it earned during a pilot conducted by OPI in 2010. This session will walk participants through using My Access as a teacher and as a student. Participants will learn how to add and delete students, search for and assign writing prompts, understand the scoring, and more!

Speaker: Suzanne Evans, Information Facilitator, Butte School District #1

Where: Skybridge 2

Session 8: Friday, 11:00 - 12:10 p.m.

Smarter Balanced Accommodations

This session will provide valuable information regarding the Montana Smarter accommodations and accessibility guidelines. Participants will become familiar with tools that can help teams compare old to new resources, identify key stakeholders, develop tools for systems/schools, review tips for developing a training plan, and discuss implementation of the Smarter Balanced Guidelines.

Speaker: Paula Schultz, Smarter Balanced Accommodations, Office of Public Instruction

Where: Conference Room 5

Perspectives on ESSA (Every Student Succeeds Act) and 2015 Smarter Balanced Results

Every Student Succeeds Act (ESSA) was signed into law December 9, 2015. The Office of Public Instruction is beginning to dissect the new law in terms of what it might mean to Montana and is ready to share what it knows to date. Preparing a 'state plan' for accountability is something that will require input from the field and that can begin today. SBAC scores were released December 21st and Superintendent Juneau also announced that Montana juniors will only be taking one test this spring. There are things we know about the released scores and things we don't know. If you have unanswered questions, please join us.

Speaker: Dennis Parman, Deputy Superintendent of Public Instruction, Office of Public Instruction

Where: Conference Room 1

MSAA (new name for NCSC) Alternate Assessment: Score Report Interpretation & the Prioritized Standards

This session will provide an introduction to the score reports for the new alternate assessment. The session will provide an overview of the type, the intended audience, the uses for each report, and a tour of the interpretive guide.

Speaker: Yvonne Field, Assessment Specialist, Office of Public Instruction

Where: Skybridge 1

Infinite Campus: Ad Hoc Reporting Filter Designer

Explore the integrated ad hoc reporting tool in Infinite Campus that allows authorized users to export custom reports. Participants will learn how to create static and dynamic lists of students and add functions and logical expressions to filters for optimal sorting. In addition, learn how the ad hoc filters are integrated within the product, as well as how to export into CSV, HTML, PDF, and XML.

Speaker: Infinite Campus Staff

Where: Skybridge 2

End of Conference - 12:15 p.m.

*Remember to pick up your boxed lunch in the Grand Ballroom,
Third Floor!*

Thank you for joining us.
We would like to thank the following
organizations for their support:

2016 OPI Assessment & Data Conference

My Session Schedule:

For your convenience, use the table below to plan your conference schedule.

*Breakfast from 7:00 – 8:00 a.m. in the Grand Ballroom, Third Floor *Introductions and Keynote Speaker from 8:00 – 9:10 a.m.			
Session	Title	Room	✓
Session 1, Thursday 9:20-10:30 a.m.	Smarter Balanced: Roles, Permissions, and Accommodations Registration	Conference Room 5	
Session 1, Thursday 9:20-10:30 a.m.	ACT Plus Writing Test Administration & Accommodations	Conference Room 1	
Session 1, Thursday 9:20-10:30 a.m.	MSAA (new name for NCSC) Alternate Assessment: Test Management & Administrative Overview	Skybridge 1	
Session 1, Thursday 9:20-10:30 a.m.	Smarter Balanced Digital Library	Skybridge 2	
Session 1, Thursday 9:20-10:30 a.m.	Infinite Campus: Assessment Administrative Setup	Skybridge 3	
Session 2, Thursday 10:40-11:50 a.m.	Smarter Balanced Test Administration	Conference Room 5	
Session 2, Thursday 10:40-11:50 a.m.	Smarter Balanced: An Assessment System to Support Teaching and Learning	Conference Room 1	
Session 2, Thursday 10:40-11:50 a.m.	MSAA (new name for NCSC) Alternate Assessment: Score Report Interpretation & the Prioritized Standards	Skybridge 1	
Session 2, Thursday 10:40-11:50 a.m.	What is the HiSET Assessment? (Formerly GED)	Skybridge 2	
Session 2, Thursday 10:40-11:50 a.m.	Why TEAMS?	Skybridge 3	
Session 3, Thursday 12:00-1:10 p.m.	Smarter Balanced Accommodations	Conference Room 5	
Session 3, Thursday 12:00-1:10 p.m.	Smarter Balanced Reports	Conference Room 1	
Session 3, Thursday 12:00-1:10 p.m.	ELP: Assessment Report	Skybridge 1	
Session 3, Thursday 12:00-1:10 p.m.	Criterion-Referenced Test (CRT) Science	Skybridge 2	
Session 3, Thursday 12:00-1:10 p.m.	E-Transcript: Data Transport System End-to-End	Skybridge 3	
*Lunch from 1:15 – 2:15 p.m. in the Grand Ballroom, Third Floor			

Session 4, Thursday 2:30-3:40 p.m.	Smarter Balanced: Roles, Permissions, and Accommodations Registration	Conference Room 5	
Session 4, Thursday 2:30-3:40 p.m.	Smarter Balanced: An Assessment System to Support Teaching and Learning	Conference Room 1	
Session 4, Thursday 2:30-3:40 p.m.	ELP: ACCESS for ELLs Score Report Interpretation	Skybridge 1	
Session 4, Thursday 2:30-3:40 p.m.	Science CRT Alternate	Skybridge 2
